CONDITIONS OF SALE.

This is a **bona-fide** public sale, for **prompt cash settlement**, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked **not to bid**. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the **sole right** to decide upon any claims. These are the **only conditions** under which bids will be received.

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in a lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids **plainly**, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

We will send a printed list of the prices realized for this sale, for \$1.00 cash to be sent in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

P R E F A C E .

People interested in Rare Coins, Medals, Tokens, Paper Money, Bead Necklaces, Unset Gem Stones, Opals, Cameos, Etc. will find many attractive lots in this catalogue, to be sold April 27th next. There are several postage stamp collections also, which I have been asked to sell, although postage stamps are a little out of my line. The sale includes a large offering of foreign crowns and smaller silver pieces, several hundred Roman Silver and Bronze coins, some large lots of foreign copper and nickel coins, United States dollars, with the rarity dated 1839, designed by Gobrecht, an original 1831 Half Cent in almost uncirculated condition, rare U. S. Half Dollars, Dimes and Half Dimes, many rare Patterns for Broken Bank Bills of high denominations, printed in the original colors, a find of U. S. Fractional Currency, in new condition, Various Gold Coins.

Regarding the several hundred lots of Cut and Polished Gems, Ste., there is not a piece in this lot which cannot be mounted or used to advantage, and there is an interesting variety of Coral and Other Stone Jewelry, Cameos, Brooches, Rings, Scarfpins, etc. You should not forget that in these sales you will be able to buy Gems and Jewelry for about **one-sixth** what they would cost you in the ordinary jewelry store, and for about one-tenth what the dealers on Fifth Avenue would ask. In my last sale Opals were bought for about half of wholesale price, or less. Are these facts worthy of your consideration? Remember, I guarantee the stones and coins genuine, and this guarantee to stand by the catalogue holds good indefinitely. Bid as much as you are willing to pay, as the cataloguer will purchase any lots for you as much below your bids as possible. Only a brief time remains before this sale, so make out your bids and forward them without delay.

THOMAS L. ELDER.
